Quality and Food Safety Policy

The business' management of Umbrella Flavors & Functional Ingredients, S.L. (Umbrella F & FI), Universal Masking Flavours, S.L. (MSI) and Mediterranea Sea Innova, SL (MSInnova) (from now on, they will be "the organization") establishes, declares and assumes the permanent commitment to quality and food safety and social responsibility towards the interested parties, in the normal development of their activities.

The basic philosophy is to offer maximum satisfaction to their clients by doing their work with the highest possible quality and applying, whenever possible, innovative techniques and methods. For this reason, for the organization the principles of its commitments are:

- Continuous improvement is a constant at all levels of the company.
- Comply with current legislation in all aspects related to food quality and safety.
- The final quality of the service performed is the result of the planned and systematized actions of prevention, detection, correction and continuous improvement carried out during the process of execution of the works.
- In order to establish the quality standard of our services, the fulfillment of the contractual requirements with our Clients and the internal quality requirements of our organization are decisive.
- All employees of the organization are responsible for the quality of their work
- Encourage among our employees the development of innovative ideas that allow us to obtain new products and technologies and improve production processes, providing competitive advantages for the company.
- The Head of the Quality Management System and Food Safety is in charge of promoting and documenting this Policy and maintaining this Management System in the Organization, to measure and monitor the performance of the company.
- The Management of the organization is committed to providing the material and human resources to train and sensitize the workers of the organization in the Policy of the Quality Management System and the Food Safety of the company.
- The Management will ensure to transmit and enforce the Policy of the Quality Management System and Food Safety to all employees, suppliers, subcontractors and customers.
- This Policy is available to the public, is part of the general Policy of the organization and must be assumed by the entire Organization to guarantee our Customers a continuous improvement of our services.

In order to implement these guidelines, the organization promotes communication and training among the employees, at all levels, and makes this statement available to the public. This Policy is developed through all actions that describe our Quality Management System and Food Safety.
